PROFILE

Church communications leader and minister with 9+ years in church, missions and digital ministry. I help churches communicate less but better: one clear voice, stories that point to Jesus, and simple systems that protect creative teams from noise.

At CAMACOP, a denomination of 3,700+ churches, I set up the digital ministry, owned the communications policy and annual roadmap, managed 2 staff and 15 volunteers, and grew the national Facebook page from zero to 35K followers. At Fellowship Dubai my 48 sermon reels in 2026 have drawn 232K+ views, and I have trained volunteers to run Alpha across two sites. Master of Divinity; 4th Lausanne Congress delegate, selected for the Young Leaders Gathering 2027.

EXPERIENCE

Head of Technology · Great Commission Network Sep 2026 – Present

- Remote and part-time: lead GCN's global church and ministry directory on gcn.live: architecture, data model and roadmap, directing the external agency that builds and runs it.

Ministry Apprentice & Volunteer · Fellowship Dubai Sep 2025 – Present

COMMUNICATIONS · volunteer

- Wrote and produced 48 sermon reels for Facebook and Instagram, January to October 2026: 232K+ views and 9,300+ interactions. Raising output from 1 to 4 reels a month to 9 to 12 lifted monthly views from a 16K average to 53K in July.
- Directed the small groups testimony video; photographer and videographer for Single or Knot (Young Adults) and Summer Holiday Club (Kids Ministry).
- Created the 20th anniversary timeline for an 8 x 2 m LED wall: 1,800+ member photos on a grapevine, each beside the year their Fellowship journey began.

MINISTRY · 60 Ministry apprentice (staff), to Sep 2026

- Photographed, filmed and edited the weekly baptisms, typically 5 to 10 people a week, and every testimony, in coordination with the Communications team; trained a volunteer to take better baptism photos and video.
- Coordinated Alpha in two sites: ran five small Alphas and two Alpha at Home courses, then trained volunteers to run them; now direct the team leaders.
- Launched Alpha in Farsi, since run twice by a volunteer I trained; built a Google Drive resource hub for Alpha leaders and trained volunteers in Planning Center and attendance tracking.
- Built the Alpha mobilisation app (alpha-atfellowship.lovable.app): leaders and members send around 50 personalised WhatsApp invitations per course, with graphics, scripts and host training in one place.
- Built S.H.A.P.E. Discovery and the SERVE Dashboard to match people with serving teams; completed by nearly 300 people since spring 2026.
- Taught Discipleship (tools for disciples to make disciples) and led a small group; one man I disciplined now leads his own group and has reached six co-workers, who now attend Fellowship regularly.
- Help lead worship at Fellowship's multicultural church plant in Sharjah.
