

XERXES DUANE MAGDALUYO

Freelance Web Developer | Systems Integration | AI Automation

Dubai, UAE | +971 54 328 1995 (WhatsApp) | hi@xerxesduane.com | xerxesduane.com | linkedin.com/in/xerxesduane | github.com/xerxesduane

UAE freelance permit holder | Available for contract, part-time and retainer engagements | On-site in Dubai or remote

PROFILE

Dubai-based freelance developer with 7+ years delivering websites, e-commerce stores, Odoo ERP, CRM and AI automation for 50+ small and mid-sized businesses in the UAE, the Philippines and New Zealand, mostly 2-10 person teams in construction and manufacturing, e-commerce and retail, education, wellness and professional services. I work as an embedded extension of a client's team: scoping the problem, building the system, connecting it to the tools already in use (WhatsApp Business, HubSpot, Zoho, QuickBooks, Google Workspace) and staying on for support. Ships bilingual English/Arabic interfaces, has trained thousands of non-technical users on digital tools, holds a UAE freelance permit, and carries a 5.0 rating from public Google reviews under real client names.

ENGAGEMENT OPTIONS

Project: Fixed-scope builds with a written brief, milestones and handover documentation. Landing pages and websites, e-commerce stores, CRM and dashboards, Odoo ERP implementation, AI automation.

Part-time / retainer: A set number of days per week or hours per month as your in-house developer and systems person, covering maintenance, integrations, reporting and new features. Month-to-month, no lock-in, can start immediately.

Contract: Short-term cover for an internal team, agency overflow or a defined delivery window. Comfortable working with existing codebases and vendor teams. Builds typically start within 1-2 weeks of scoping.

Logistics: Own trade licence and invoicing, UAE bank account, VAT-aware quotations, written fixed-price proposals, NDA on request. Starting prices published at xerxesduane.com/pricing. Available on-site across Dubai and remote for the wider UAE.

TECHNICAL SKILLS

Web and e-commerce: JavaScript, Node.js, Python, PHP, HTML/CSS, WordPress, Shopify, Framer, responsive and bilingual English/Arabic (RTL) interfaces, Git.

Systems and ERP: Odoo ERP (CRM, sales, purchasing, inventory, accounting, projects, e-commerce), CRM pipeline design, HubSpot, Zoho, QuickBooks Online, dashboards and reporting.

Integration and automation: n8n, Make, Zapier, REST APIs, webhooks, WhatsApp Business API automation, Google Workspace, Microsoft Azure, Supabase, Vercel.

AI: Claude and Claude Code, Codex, Gemini, Groq; conversational and voice agents (English/Arabic), document Q&A, vision-based data extraction, prompt engineering.

Growth and content: Technical SEO, AEO/GEO, Google Ads, Meta Ads, conversion tracking, GA4; Adobe Premiere Pro, Photoshop, CapCut.

EXPERIENCE

Founder and Independent Systems Consultant

Mar 2019 - Present

Xerxes Duane, Dubai, UAE (freelance; concurrent with roles below)

- Delivered websites, e-commerce stores, landing pages, CRM integrations, Odoo ERP rollouts, dashboards and paid media for 50+ SMEs across the UAE, the Philippines and New Zealand.
- Consolidated eight disconnected workflows (CRM, quotations, purchasing, inventory, accounting, projects, e-commerce and marketing automation) into a single Odoo ERP platform for a construction-materials manufacturer, mapping existing handoffs first and phasing the rollout around daily operations.
- Built a WhatsApp marketing agent that imports lead lists from Google Sheets or Excel, generates personalised openers and handles two-way qualification and appointment booking.
- Published an AI Lab of 37 live tools on Claude, Gemini, Groq, Supabase and Vercel, including a WhatsApp lead handler, English/Arabic voice receptionist, vision-based bookkeeping extraction, UAE VAT quote generator and Odoo readiness scan.
- Grew a UAE client's organic traffic by 90% through a sustained technical and content SEO programme.
- Managed an automotive Google Ads account from Dubai: 610 tracked conversions from 1,530+ clicks, 8.28% top-ad CTR and USD 6.89 average CPC.

Web Developer, AI Engineer and Video Editor

Aug 2025 - Aug 2026

Fellowship Dubai and Keystone Events LLC, Dubai, UAE

- Designed, built and maintained websites and digital infrastructure for a multinational, multi-site organisation of around 6,000 members.
- Built AI assistants and automation workflows on Claude, Gemini and Groq, connected to Google Workspace, CRM and messaging platforms through REST APIs and webhooks.
- Developed operational dashboards and custom web apps for 4 internal teams, including a volunteer-matching profile tool (S.H.A.P.E. Discovery) and a SERVE volunteer dashboard; administered Planning Center Online.
- Coached team leads to run programmes independently and handled communications and digital outreach; continue in a volunteer capacity on digital and online projects.
- Produced and edited recurring video, photo and social content for web and event channels.

Web Developer and Digital Marketing Specialist

Nov 2024 - Aug 2025

We Aspire Education, Dubai, UAE

- Built and maintained the company e-learning website and ran SEO and social media.
- Increased qualified inbound leads by 90% through combined website, SEO and social media work.

Web Developer and SEO Specialist

Apr 2025 - Aug 2025

Gilani Mobility, Dubai, UAE (contract)

- Designed and developed the company e-commerce website, covering product pages, enquiry flows and ongoing maintenance.
- Delivered on-page and technical SEO to improve search visibility and product discovery.

Communications Officer

Jul 2022 - Aug 2023

CAMACOP (national non-profit organisation), Philippines

- Launched the organisation's digital presence from scratch: websites, social media channels, YouTube and documentary video, including a fundraising film that financed a building project.
- Coordinated communications for a national assembly of 5,000+ participants, managing timelines, production and vendor delivery.
- Earlier built an e-learning platform for a local branch so training could continue remotely during the pandemic.

SELECTED PROJECTS

Blocktec Philippines (Odoo ERP): Construction materials and AAC wall systems. Odoo CRM, sales and quotations, purchasing, inventory, accounting, projects, website and e-commerce on one platform, replacing spreadsheets and manual tracking.

Saladmaster UAE (CRM, web and brand): Premium cookware direct sales, Dubai. Lead capture, cooking-demo booking, CRM, website and logo/brand identity; a clear enquiry-to-demo-to-sale path with follow-up visibility.

Gilani Mobility, Dubai (e-commerce): Design and build of the company online store.

We Aspire Education, Dubai (e-learning): Platform build and maintenance; 90% increase in qualified leads.

Construction Desert Schools, Dubai: Website for an executive learning programme.

AYA Home Spa (Meta Ads): 54K people reached and 98K video plays.

xerxesduane.com: Independently built bilingual English/Arabic service site with case studies, lead capture and the 37-tool AI Lab.

EDUCATION AND CERTIFICATIONS

Bachelor of Information Technology, University of Perpetual Help System DALTA, Philippines, 2018

Master of Divinity, Philippine Baptist Theological Seminary, 2021 | **Professional Education**, Baguio Central University, 2022

Ultimate 2025 Google Ads Training, AdVenture Media, 2025 | **Innovation Designer**, 2025

LANGUAGES AND COMMUNITY

Languages: English (fluent), Tagalog (native); bilingual English/Arabic web publishing and interface delivery.

Training and facilitation: Trained 5,000+ leaders across five organisations in digital outreach as a volunteer trainer (Cru Digital Strategies) and around 2,000 students in digital tools; built e-learning platforms for two non-profits (including Ratio Christi). Comfortable onboarding non-technical teams onto new systems.

Community: Co-leads FaithTech Dubai, a volunteer technology community; Indigitous #HACK hackathon champion (2023), coach (2024) and current Dubai champion.
