PROFILE

Church communications leader and minister with 9+ years in church, missions and digital ministry. I help churches communicate less but better: one clear voice, stories that point to Jesus, and simple systems that protect creative teams from noise.

At CAMACOP (3,700+ churches) I owned the communications policy and annual roadmap, managed 2 staff and 15 volunteers, and built the national Facebook page from zero to 35K followers. At Fellowship Dubai, after a one-year staff apprenticeship, I serve in the Communications team, where my 48 sermon reels in 2026 have drawn 232K+ views. Master of Divinity; delegate to the 4th Lausanne Congress.
